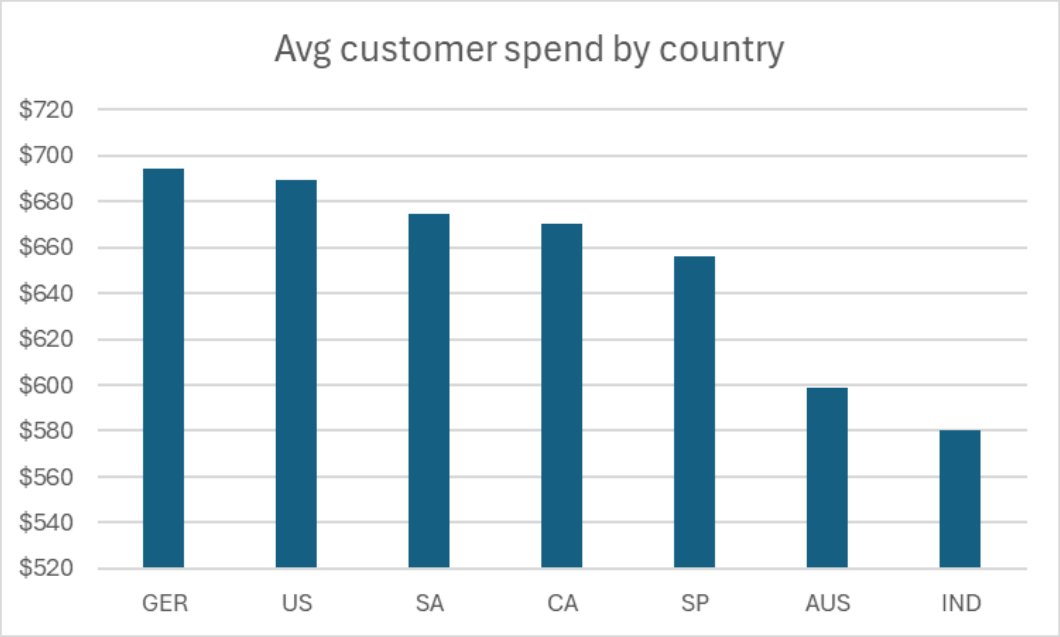
- USA

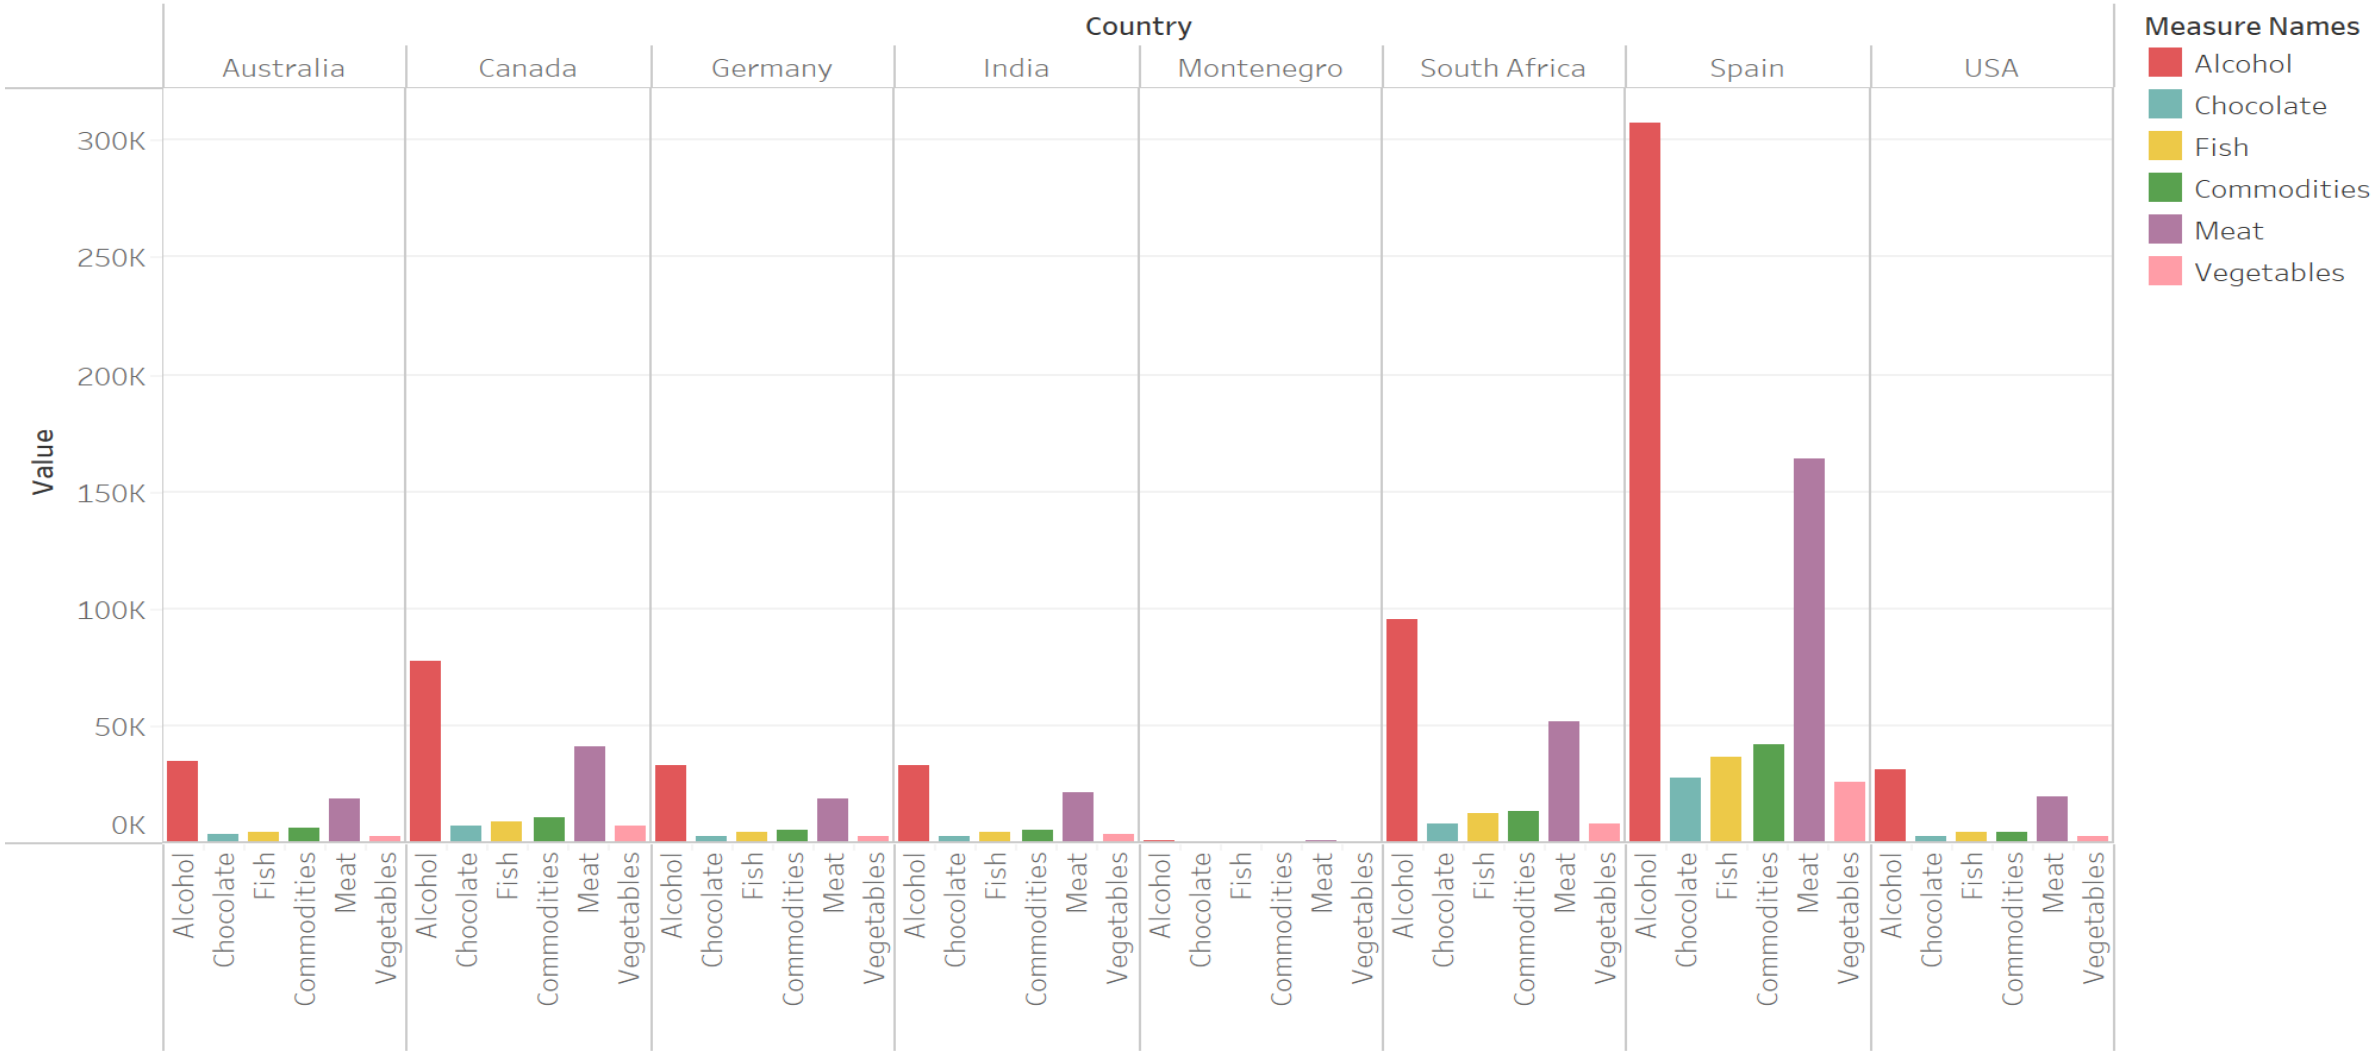
Income ($) vs. Total Spend. Colour shows details about Education. The data is filtered on Income ($), which ranges from 1730 to 163000. The view is filtered on Education, which keeps 2N Cycle, Basic, Graduation, Master and PhD.

Germany has the highest average spend per customer

Country	Avg spend	Total spend	No of cust
Spain	$656.01	$652,074.00	994
South Africa	$674.52	$204,380.00	303
Canada	$670.08	$163,499.00	244
India	$580.45	$76,619.00	132
Australia	$598.80	$76,048.00	127
Germany	$694.50	$71,533.00	103
USA	$689.07	$70,974.00	103
Montenegro	$1,074.50	$2,149.00	2



Total sales by product category by country



Alcohol, Chocolate, Fish, Commodities, Meat and Vegetables for each Country. Colour shows details about Alcohol, Chocolate, Fish, Commodities, Meat and Vegetables. The data is filtered on Age and Marital Status. The Age filter ranges from 28 to 84. The Marital Status filter keeps Divorced, Married, Single, Together and Widow. The view is filtered on Country, which keeps 8 of 8 members.

Twitter is the most effective advertising channel

Country	Twitter	Instagram	Facebook	Top media
Australia	5	9	5	Instagram
Canada	23	19	16	Twitter
Germany	9	7	7	Twitter
India	9	5	5	Twitter
Montenegro	0	0	0	None
South Africa	19	18	18	Twitter
Spain	82	81	73	Twitter
USA	5	6	7	Facebook

The Key findings

- Spain has the largest customer base and also drives the largest share of revenue
- Alcohol dominates in terms of revenue, vegetables lag behind
- Twitter and Instagram are the best social media platforms for advertising

Recommendations

- Expand inventory in the top performing product categories based on region
- Consider reducing it in others
- Consider investing in the higher performing advertising channels and dropping underperforming ones
- Maybe segregate campaigns based on age, income and education
